Tuva 2000 Stamp Catalogue

This Stamp Catalogue lists and describes all known official stamps from the Republic of Tuva of both philatelic periods, 1926-1944 and 1994-1995.

The stamps from the first philatelic period 1926-1944 were used for mail national and international and are today recognized more or less by most leading international stamp catalogues.

The stamps from the second period listed here, 1994-1995, were officially prepared under contract for the Tuva government, but were never approved by the Russian authorities, and consequently these stamps were never put in regular postal use.

The Tuva 2000 Stamp Catalogue also presents some of the official Tuva documents in order to clarify the status of the Tuva stamps from the second philatelic period as "officially prepared but never issued". ISBN 91-7067-010-2 \$6.95
